Department of Computer Science
ENIAC Association
(**E**ducational **N**etwork **I**ntegrated **A**cademic **C**ounselling Association)

History of our ENIAC Association

We began the ENIAC Association with an inauguration on 11th October 2002. Dr.K.Vasantha, Principal inaugurates the Association. Seminar was conducted by Mr.S.Chandrasekar and Mr.A.Udayakuamar Followed by the inaugural ceremony.

Why ENIAC?

Extracurricular Association and activities provide opportunities for students in all class years to hone skills through their tangible application to problems, and to explore post-graduation possibilities in academia and industry.

ENIAC is open to all students who have a passion for or interest in coding. While many members pursue computer science majors, the club is open to computer science students, and is focused on cultivating interest in technology.

Students from all III years are welcome and active Association members. This creates a meaningful mentoring dynamic between students with different levels of experience.

What's in Our LOGO!
Three Interconnected Rings with Three Colours

Our Logo holds 3 colours. It represents Primary Colours (Red, Blue & Green). Computers essentially know only three different colours — red, green, and blue. With these three colors it merges and generates upto 16,777,216 colours on the screen, Like that our Students can able to develop a range of programs by understanding basic concepts and logics.

Robot symbol

Robots are going to be a major part of the world. Robotic technology is becoming one of the leading technologies in the world, they can perform many functions. Students can realize and understand their course's worth and shape them according to the Technologies growth.

Caption

    "ENGRAVE TO ESCALATE" defines the possibility of enhancing one's knowledge is limitless. Graduation only marks a stage of one's education. Unceasing acquisition of knowledge will unceasingly escalate us to ever higher and higher attainments and to increase the student's passion and scope in IT Industry.

Objectives

☞ To encourage students to participate in the Association Activities.

☞ To motivate the members of the club in order to participate on the events and activities held by the college and CS department.

☞ To provide academic support to the CS Students.

☞ To let the students participate in creating & develop their own programs, Subject/General Quiz and Paper Presentation.

☞ Students Participating in Various Programs will help to improve their Communication skills, General Knowledge and to meet the current trends of Computer Science.

Motivate the students to be socially responsible and acquire entrepreneurial skills to become global leaders
