DIETETIC INTERNSHIP TRAINING AT HOSPITALS

Objectives:

1. To gain practical experience in clinical dietetics.
2. To develop skills in nutritional assessment and intervention.
3. To understand the role of dietitians in healthcare teams.
4. To enhance communication skills with patients and professionals.
5. To learn about hospital food service management.

Activities and Responsibilities:

- Conducted nutritional assessments and developed care plans for patients with diverse medical conditions.
- Monitored patient progress and adjusted interventions.

- Managed the nutritional needs of paediatric patients with growth disorders and metabolic conditions.
- Provided education to parents and caregivers.
- Assisted cancer patients in managing treatment-related nutritional issues.
- Collaborated with healthcare teams to develop comprehensive care plans.
- Participated in menu planning and ensured compliance with dietary guidelines.
- Monitored food safety and sanitation practices.

Outcomes:

1. Gained practical experience in assessing and managing nutritional needs of patients with various conditions.
2. Developed a deeper understanding of the importance of personalized nutrition care in improving patient outcomes.
3. Recognized the value of working effectively within multidisciplinary healthcare teams.
4. Improved ability to educate and communicate with patients, caregivers, and healthcare professionals.
5. Acquired knowledge in hospital food service management, including menu planning and food safety.

Students Feedback:

The internship provided invaluable practical experience, deepening my understanding of the dietician's role in patient care. The hands-on training in clinical settings allowed me to apply theoretical knowledge, develop essential skills, and gain confidence as a future dietician.

Dear Madam,

Received your letter today, requesting for permission for III year
(Nutrition and Dietetics) students for dietetic internship for a period from
01.12.2023 to 15.12.2023

I would be extremely happy to receive and teach them about planning
of Diet for various disease conditions, diet counseling of the patients and
give them direct patient access and training to educate the patients in this
regard.

Thanks a lot for this opportunity.

Yours Sincerely

(Dr. A.J. Asirvatham)

To,
The Principal,
E.M.G Yashwanth Women's College,
Madurai - 625 014,

Respected Sir,

With reference to your letter dated on 26.12.2022.

We would like to inform you that we would be happy to receive your third year B.Sc., Nutrition & Dietetics students, to undergo internship training in our hospital for 15 days from 27.02.2023 to 13.03.2023.

We propose to charge a training fee of Rs.1,500/- per student which will be collected on the day of commencement of the training.

Thanking you,

With regards,
For Shenbagam Hospitals Pvt Ltd.,
