SEP ON "ADVANCED COMPUTING TECHNOLOGIES"

Objectives:

To expose students to the latest advancements in computing technologies and to provide them with opportunities to engage with experts in the field.

Programme Outcome:

The participation in the seminar proved to be highly beneficial for the students. They gained insights into emerging trends and innovations in advanced computing, which expanded their understanding of the field. The seminar also provided a platform for students

to interact with professionals and academicians, enhancing their knowledge and networking opportunities. This experience not only broadened their academic perspective but also inspired them to explore new areas of research and development in computing technologies. The knowledge gained from this seminar is expected to contribute significantly to their future academic and professional endeavors.
