<b>No. of Participants</b>	Students - 10 Faculty - 5		

### ORIENTATION ON "BANKING OPERATIONS"

#### Objectives:

To support the development of villages by raising awareness about the various banking facilities available to the community. By integrating banking knowledge into daily life, the program aims to empower villagers with the information they need to access and utilize financial services effectively. This initiative also seeks to ensure that the benefits of banking, including government schemes and financial inclusion programs, reach every individual, thereby contributing to the overall development of the village.

#### Programme Outcome:

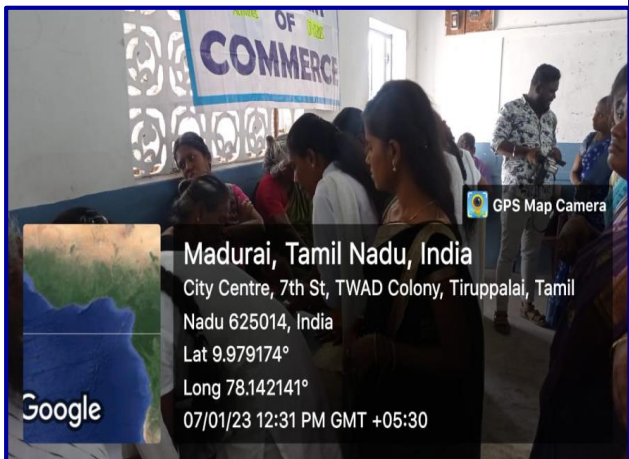

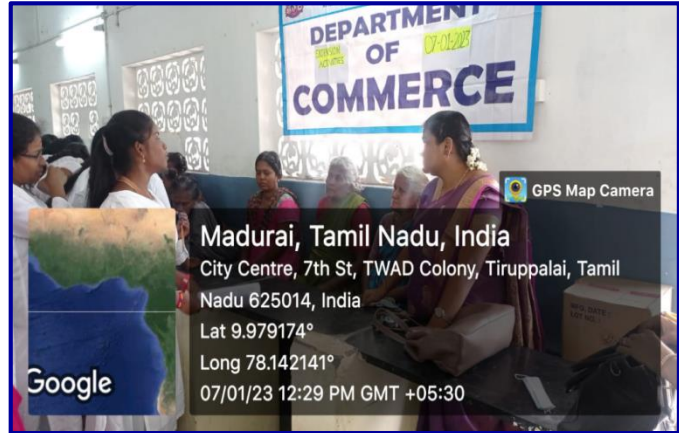

The program successfully educated villagers on the use of modern banking technology, enabling them to perform transactions with greater ease and confidence. It also informed both children and their parents about the various schemes and services provided by banks, ensuring that they are aware of the available resources. The villages are now better equipped

with the necessary facilities to support their financial growth and stability.

**Feedback:** The residents expressed a positive response, feeling more informed and confident about handling their financial activities.
