**ACTIVITY : INDUSTRIAL VISIT**

**YEAR : 2023-2024**

## DEPARTMENT OF NUTRITION & DIETETICS

DATE	TIME	VENUE
06.10.2023	10:30 a.m. to 12:30 p.m.	SNP Dairy Milk, Vadipatti, Madurai
<b>Theme</b>		Experiencing Dairy Production: A Practical Insight
<b>Nature of the Activity</b>		Industrial Visit
<b>Title</b>		Observing and Learning from SNP Dairy Milk's Production Processes
<b>Coordinators</b>		<b>Mrs.B.Rubarani</b> <b>Mrs. K.Gowsalya</b> Assistant Professors of Nutrition & Dietetics EMGYWC
<b>Beneficiaries</b>		<b>Faculty - 4</b> <b>Students - 39</b>

### INDUSTRIAL VISIT TO "SNP DAIRY MILK'S PRODUCTION"

#### Objectives:

To provide Nutrition & Dietetics students with practical knowledge about milk processing techniques and the production of various milk products. This hands-on experience aimed to bridge the gap between theoretical concepts learned in the classroom and real-world dairy production practices.

#### Programme Outcomes:

The visit to SNP Dairy Milk's production facility proved to be highly educational and insightful for the students.

- The students observed the entire milk production process, from collecting raw milk to pasteurization, homogenization, and packaging. A detailed explanation of each step helped them understand how milk is processed to ensure quality and safety.

## **E.M. GOPALAKRISHNA KONE YADAVA WOMEN'S COLLEGE**

- During the visit, students gained valuable insights into the various milk products produced at the facility. They learned about different types of milk, such as whole, skim, and fortified, as well as dairy products like cheese, yoghurt, and cream, and how they are made and marketed.
- By witnessing dairy processing techniques in action, students were able to connect their theoretical knowledge of nutrition and dietetics to real-world practices. This experience emphasized the importance of quality control, nutritional value, and food safety in dairy production.

The industrial visit to SNP Dairy Milk's production facility was a successful and educational experience. It provided students with a deeper understanding of dairy processing and production, reinforcing their academic knowledge with practical insights. This experience is expected to benefit their future careers in nutrition and dietetics by providing a comprehensive view of dairy industry operations.

### **Student Feedback:**

The visit to SNP Dairy Milk was very insightful. Observing the milk processing up close and learning about different products enhanced our understanding and practical knowledge.
