**COLLEGE UNION ELECTION**

**Objectives:**

The College Union Election is designed to foster students' administrative and leadership skills, providing them with a practical platform to develop qualities essential for future roles in management and governance. This initiative encourages students to take on responsibilities, work collaboratively, and exercise decision-making within a democratic setting, ultimately preparing them for leadership roles in both their academic and professional lives.

**Report:**

The election process allowed students to participate in various stages of campaigning, debating, and voting, offering them a first-hand experience of democratic practices. Candidates engaged with their peers to understand their needs, priorities, and expectations, helping them to build connections and improve

their communication skills. The election also promoted teamwork and fostered a sense of unity among students from diverse backgrounds.

### **Programme Outcome:**

By participating in the College Union Election, students were able to blend their social and academic lives effectively, gaining a deeper understanding of community involvement and leadership. The experience not only enhanced their sense of responsibility and commitment to the college community but also equipped them with insights into real-world governance and civic engagement, shaping them into well-rounded, proactive individuals.
