#### **FACULTY EXCHANGE PROGRAMME ON "NON-TRADING ACCOUNTS"**

##### **Objectives:**

1. To understand the provision of goods or services that meet social needs, distinct from commercial trading.
2. To learn about the double-entry accounting system, focusing on the preparation and maintenance of cash books.

##### **Programme Outcome:**

Participants gained insights into the unique aspects of non-trading accounts, including how they differ from commercial trading accounts. The programme emphasized the preparation of cash books and understanding the overall trading profit and loss for the concerned period. Faculty members learned how non-trading accounts focus on the social objectives rather than profit from goods or services, enhancing their ability to teach and apply these concepts in academic and practical settings. This knowledge supports more effective financial reporting and understanding in non-commercial environments.
