INDUSTRIAL VISIT

Objective:

To provide students with practical insights into the operations and real-world applications of information technology. This visit was part of the Memorandum of Understanding (MoU) activities aimed at bridging the gap between academic knowledge and industry practices.

Highlights of the Visit:

1. Students were given an introduction to Anjana InfoTech Pvt Ltd, including its history, mission, and the range of services and solutions it offers.
2. The visit included sessions on various technologies and methodologies employed by the company, such as software development processes, project management, and emerging tech trends.
3. Students participated in workshops and interactive sessions, which provided hands-on experience with some of the tools and technologies used at Anjana InfoTech.
4. There was a Q&A session where students had the opportunity to ask questions about the industry, career opportunities, and the practical applications of their academic learning.

Programme Outcome:

The visit was a significant learning experience, offered students valuable insights into the practical aspects of their field of study. It helped bridge the gap between theoretical knowledge and industry practice, prepared students for their future careers in the IT industry.
