## **PROJECT**

### **Objectives:**

The primary objective of the Project work is to gain practical knowledge in implementing programming concepts studied during the academic program. Each student is tasked with independently completing a Project Work, which can involve using learned software packages, implementing concepts from studied papers, or developing any innovative idea.

### **Report:**

Elysium Technologies Private Ltd., situated in Madurai, conducted a Training program on Current Trends of IT from December 2021 to March 2022, specifically designed for final-year students. This program, conducted in collaboration with the Department of Commerce at EMG Yadava Women's College and Elysium Technologies, empowered students to develop their projects using new technologies under the guidance of faculty members. A total of 138 final-year B.Com. (CA) & M.Com. (CA) students actively participated in this training program, submitting their Project Reports for evaluation.

### **Programme Outcome:**

The objective of the program was to acquire practical knowledge in implementing programming concepts. Students successfully executed their projects by applying the software packages they had learned and implementing various innovative ideas. This hands-on experience not only reinforced their theoretical understanding but also fostered practical skills in utilizing software for real-world applications.
