HANDS-ON TRAINING "PLANT PROPAGATION TECHNIQUES"

Objective:

To equip participants with practical skills in asexual propagation methods, including stem cuttings, grafting, budding, and layering.

Report:

The hands-on training was conducted on the college premises. Students were taught about stem cuttings, simple layering, grafting, and budding during the session, with a focus on plant material selection, tools, and rooting conditions.

Program Outcome:

Participants gained hands-on experience, enhancing their ability to propagate plants effectively. This practical approach equipped them with skills in horticultural and agricultural practices. The training will be helpful for starting and sustaining a plant propagation business.
