

DEPARTMENT : ZOOLOGY

ACTIVITY : ECO INITIATIVE PROGRAM

YEAR : 2022-2023

DEPARTMENT OF ZOOLOGY

DATE	TIME	VENUE
19.03.2023	10:00 a.m. to 5:00 p.m.	At Student's Residence
Theme	Commemoration of World Sparrow Day	
Nature of the Activity	Preparation and Installation of Nest Boxes at their Residence.	
Title	"Sparrow Conservation "	
Name of the Convener	Dr. G. Indira Rani Head & Associate Professor of Zoology E.M.G. Yadava Women's College	
No. of Participants	Students - 86 Faculty - 5	

**COMMEMORATION OF WORLD SPARROW DAY ON
"SPARROW CONSERVATION "**

Objectives:

- Promote eco-initiative activities such as sparrow conservation among college students.
- Raise awareness about the endangerment of sparrows and the factors contributing to their habitat loss.
- Educate students about the importance of sparrow conservation and inspire them to take action to protect this endangered species.

Event Activities

Lectures and Workshops: Experts in ornithology and conservation delivered lectures on the importance of sparrows in the ecosystem, the causes of their decline, and

E.M.GOPALAKRISHNA KONE YADAVA WOMEN'S COLLEGE

practical steps for their conservation. Workshops provided hands-on experience in creating sparrow-friendly environments.

Habitat Creation Projects: Students were encouraged to create sparrow habitats at their residences. This included building and installing nest boxes, planting native vegetation, and providing food and water sources for sparrows.

Programme Outcome:

Upon the successful completion of the programme:

1. The general public was informed about the endangerment of sparrows, primarily due to habitat loss. Awareness campaigns and informational materials were distributed, highlighting the plight of sparrows and the need for conservation efforts.
2. Students were educated on the significance of sparrow conservation. They learned about the ecological role of sparrows and the urgent need to protect their habitats. Motivational sessions inspired students to actively participate in conservation activities at their homes and in their communities.
3. The programme emphasized the impact of human activities, such as housing development and industrial expansion, on native habitats. Students gained a deeper understanding of how these activities contribute to the decline of sparrow populations and other native organisms.

The commemoration of World Sparrow Day at EMGYWC was a significant step towards promoting sparrow conservation among students and the general public. The programme inspired students to take proactive steps in protecting sparrows and developing a sustainable ecosystem.
