EXTENSION PROGRAMME ON "BASIC CONCEPTS OF OOPs"

Objectives:

➢ To help students understand the fundamental concepts of Basic concepts of OOPS through interactive sessions and practical examples.

➢ To promote collaboration among students and encourage knowledge sharing and peer learning during the programe.

➢ To equip teachers with effective teaching methodologies and resources for teaching Python programming to school students.

Programme Outcomes:

➢ Students felt more confident in their ability to write and understand Python code, fostering a positive attitude towards programming.

➢ Students learnt to apply Python programming skills in practical scenarios, such as developing simple applications or automating tasks.

➢ Students gained insights into how Python programming skills are relevant to current industry trends and demands, potentially enhancing their career prospects in the future.
