VALUE-ADDED COURSE IN "CLOUD COMPUTING WITH MICROSOFT AZURE"

Objectives:

1. To study the concept of recent trends in cloud computing and relevant standards.
2. To understand the application architecture for cloud computing, focusing on Microsoft Azure.

Program Outcome:

Upon completion of the course, participants gained proficiency in the techniques and applications of cloud computing, with a focus on Microsoft Azure. They developed skills in cloud application development and learned to integrate cloud-based solutions into mobile networks. This knowledge enabled them to effectively design and deploy scalable cloud applications, addressing industry needs and future challenges in cloud technology.
