### APPARATUS ISSUED BY GOVERNMENT OF TAMIL NADU FOR PHYSICALLY CHALLENGED

#### Objectives:

The primary objective of this initiative is to enhance the college's commitment to social responsibility by actively addressing the needs of socially disadvantaged individuals, particularly those who are physically challenged. Through this program, we aim to extend our outreach activities and provide essential assistive devices that promote independence and improve the quality of life for beneficiaries.

#### Report:

In collaboration with the Government of Tamil Nadu, our college organized a

distribution event for assistive apparatus designed for physically challenged individuals. The initiative involved assessing the specific needs of beneficiaries and providing them with tailored solutions, such as mobility aids, hearing devices, and other supportive tools. College students played a pivotal role in the organization and execution of this event, fostering a sense of community involvement and awareness about the challenges faced by individuals with disabilities.

### **Programme Outcome:**

The program successfully fulfilled its aim, with beneficiaries expressing immense satisfaction with the donated apparatus. Many recipients reported improved mobility and independence, significantly enhancing their daily lives. Furthermore, this initiative fostered a sense of community among students and beneficiaries, reinforcing the college's dedication to social service and inclusivity. By supporting the physically challenged, the college not only contributed to individual empowerment but also strengthened its role as a socially responsible institution.
