E.M.GOPALAKRISHNA KONE YADAVA WOMEN'S COLLEGE

FACULTY DEVELOPMENT PROGRAMME

Report:

In collaboration with ICT Academy, E.M.G Yadava Women's College organised a five-day Faculty Development Programme (FDP) on Python Programming for ICT Academy member institutions. The event, which was held from 31 July to 4 August 2023, aimed to provide faculty members with fundamental knowledge of Python programming.

The primary objective of the FDP was to equip educators with the skills required to solve computational problems and build programming proficiency. The program was structured to combine theoretical concepts with practical sessions, ensuring comprehensive learning. Participants were introduced to Python syntax, control structures, data handling, and practical applications relevant to teaching and research.

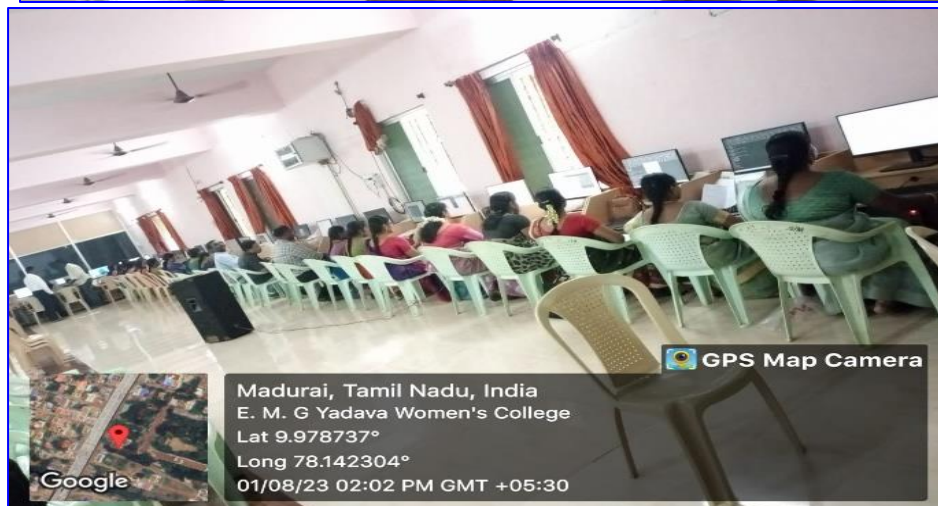

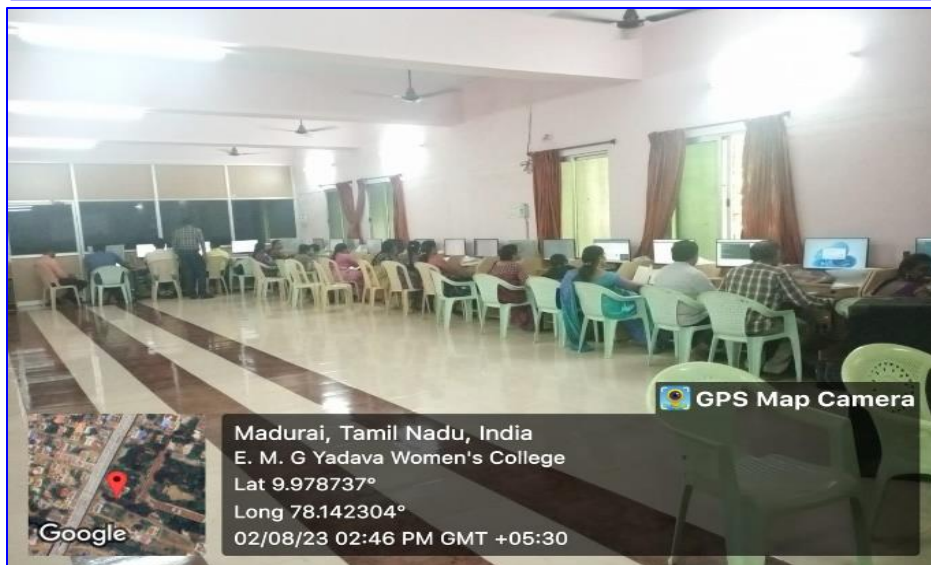

The sessions were led by **Mr. Srinivasan T., Senior Technical Trainer, ICT Academy, Chennai**, who brought extensive expertise in Python and its academic and industrial applications. His engaging teaching style and hands-on approach helped participants gain a deeper understanding of the subject.

By the end of the program, participants demonstrated enhanced problem-solving abilities and programming expertise using Python. The training also encouraged them to incorporate Python into their teaching methodologies and research projects. This FDP marked a significant step in empowering faculty members with technical skills, promoting innovation in teaching, and strengthening academic collaboration.
