ADD- ON COURSE ON "TEACHING METHODOLOGY"

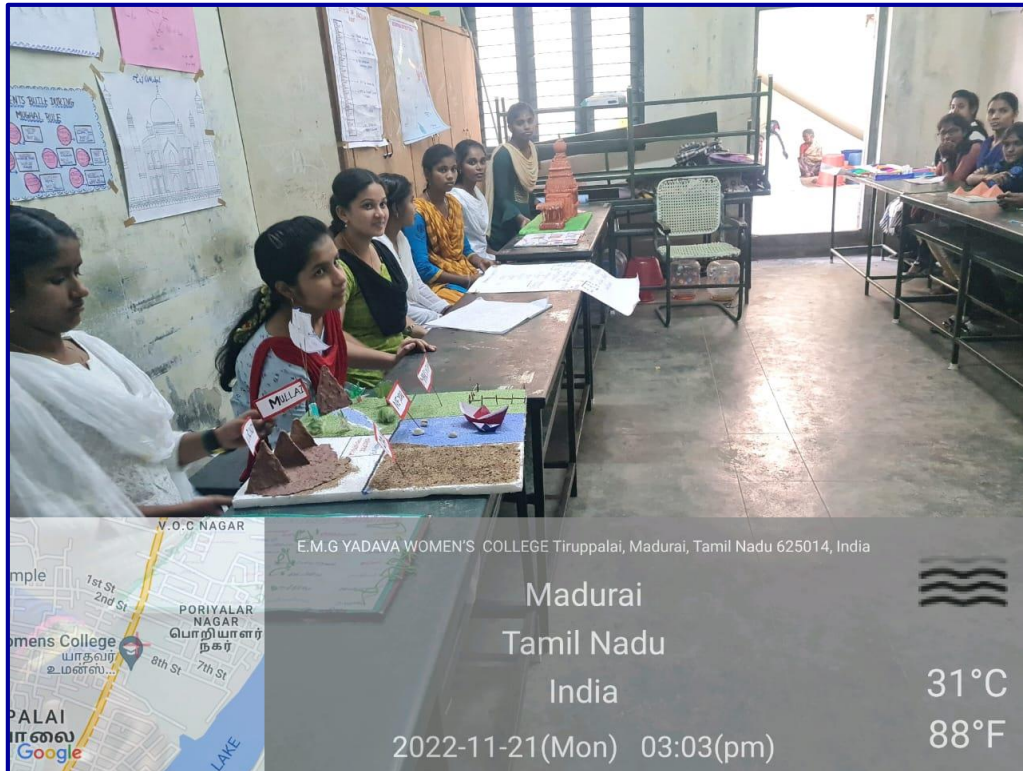

Objectives:

The Add-On Course on "Teaching Methodology" aims to enhance educators' understanding and application of effective teaching strategies. The course is designed to deepen comprehension of subject matter, improve students' critical thinking and problem-solving abilities, and instill a lifelong passion for learning. By focusing on innovative teaching techniques and pedagogical theories, the course seeks to equip educators with the tools necessary to foster a more engaging and dynamic learning environment. The accompanying Expo of Teaching Aids will showcase practical tools and resources that complement the course content, will offer hands-on experience with various teaching aids and technologies.

Programme Outcome:

Upon completing the Add-On Course and participating in the Expo, the learners had a comprehensive understanding of diverse teaching methods and their practical application in the classroom. They were adept at designing and implementing strategies that enhance student learning outcomes, evidenced by measurable improvements in skills, abilities, knowledge, and values. The course and expo enabled educators to effectively support and assess student progress, contributing to a more impactful and enriching educational experience.
